TECHNICAL REPORT ON CERTIFICATION OF INFORMATION AND COMMUNICATION TECHNOLOGY (ICT) EQUIPMENT SUPPLIED BY GMA KOYE TECHNOLOGIES

Kassanda District Approved ICT policy 2024, under Paragraph 2.10.3 (3) mandates this Office to carefully inspect, power and test the equipment to ascertain functionality and to also validate specifications against **Approved ICT Specifications, Standards and Guidelines;**"

It is therefore in accordance with the above that I conducted certification of the equipment and below are the findings to guide your subsequently Administrative action as required.

Equipment for Makokoto Seed Secondary School.

Items to be procured.	Specifications for procurement as per the contract.	Specifications for items Delivered	Findings from certification.
20 Desktop Computer	Core i5 14 th Generation, 8Gb RAM, 512SSD, with a 20 inches Monitor	Core i5 14 th Generation, 8Gb RAM, 512SSD, with a 20 inches Monitor	Supply Conform to specifications, terms and Conditions of the Local Purchase Order.
20UPS	650 VA Swing AC 196 – 280 V	650 VA Swing AC 196 – 280 V	Supply Conform to specifications, terms and Conditions of the Local Purchase Order.
1 Projector	Acer Projector with Lumens 3600 pixels (HD)	Acer Projector with Lumens 4000 pixels (HD)	Supply Conform to specifications, terms and Conditions of the Local Purchase Order. (the sighted difference is at the advantage of the Entity.
1 Desktop printer	HP laser jet pro MFP 41034w 3 in one (Black and White)	HP laser jet pro MFP 41034w 3 in one (Black and White)	Supply Conform to specifications, terms and Conditions of the Local Purchase Order.

1 Mountable 24 port switch	Core L2 Switch 24 port Ethernet switch PoE managable	Core L2 Switch 24 port Ethernet switch PoE managable	Supply Conform to specifications, terms and Conditions of the Local Purchase Order.
1 Server Computer	Core 17 10 th generation, 32GB RAM, 2TB SSD wifi and Bluetooth, DVD ROM 20 inch Monitor.	Core 17 10 th generation, 32GB RAM, 2TB SSD, wifi and Bluetooth, DVD ROM 20 inch Monitor.	Supply Conform to specifications, terms and Conditions of the Local Purchase Order.
1 Server UPS	Input and out put 3000VA	Input and out put 3000VA	Supply Conform to specifications, terms and Conditions of the Local Purchase Order.
10 Power surge protector	Wall mountable, 13A/ 15A : 3120 watts 240 Volts	Wall mountable, 13A/ 15A : 3120 watts 240 Volts	Supply Conform to specifications, terms and Conditions of the Local Purchase Order.
2 Wireless Router	4 port dual GE WAN ROUTER. Wall mountable	4 port dual GE WAN ROUTER. Wall mountable	Supply Conform to specifications, terms and Conditions of the Local Purchase Order.
1 Air Conditioner unit with out door and in door unit	24000 BTU Unit, 14 degrees F to 115 degrees F	24000 BTU Unit, 14 degrees F to 115 degrees F	Supply Conform to specifications, terms and Conditions of the Local Purchase Order.
1 CCTV Camera	IP Demo Camera (IP) Fish eye	IP Demo Camera (IP) Fish eye	Supply Conform to specifications, terms and Conditions of the Local Purchase Order.
1 Bullet Camera		HIK 4Mp	Social Cooperate responsibility. (it's a bonus from the supplier).
01 Patch panel 24 port	Each 24 ports	Each 24 ports	Supply Conform to specifications, terms and Conditions of the Local Purchase Order.

Observation.

1. The Supply is of good quality, Good shape and specifications satisfy the standards for procurement and the equipment will serve the purpose as expected.
2. The supply has been received in complete amounts as specified in the Contract.

Local Area Network and Wide Area Network.

Equipment that operate in a networking Environment were powered and tested.

that a Local Area Network was successfully setup with a topology of 2 with 5- Double RJ 45 sockets tantamount to 20 RJ 45 Socket

h Each 24

Observation.

1. The Supply is of good quality, Good shape and specifications satisfy the standards for procurement and the equipment will serve the purpose as expected.
2. The supply has been received in complete amounts as specified in the Contract.

Local Area Network and Wide Area Network.

Equipment that operate in a networking Environment were powered and tested.

The results indicate that a Local Area Network was successfully setup with a **topology of 2 back born** Trucking sections with **5- Double RJ 45** sockets tantamount to **20 RJ 45 Sockets**.

All cables are received and terminated to the patch panel with clear patch code alignment and then terminated to the TP link Gigabyte switch.

The server Computer was successfully installed and linked to the switch to allow remote access to files and programs installed in the server computer by all nodes on the network.

A Router has been installed and connected the switch to provide internet access (WAN). It has been mounted to the wall for safety and for Wi fi network boosting since it is 2 in.

The NVR (Camera control unit) has been provided with internet connection through cable connection to the switch to serve online image/ footage access requirements. Cameras have been linked to the Head teachers personal phone.

The server Computer, Patch Panel, NVR and Switch were fixed firmly in a metallic Rack in the server room.

The Printer was directly installed on the network for printing services.

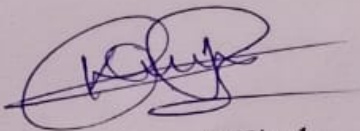

Conclusion.

The equipment conforms to specifications, terms and Conditions of the Local Purchase Order,

The Local Area network and Wide Area Network have been tested and found fully functional

The purpose of this Communication Therefore is to inform you as above and to confirm that the supplier has provided a satisfactory service suiting the standards of the contract.
