

Sironko District - courtesy call on the local government

Called at the district offices on 2026-08-24, before any facility in this local government was reached.

1. The call

The team met the Chief Administrative Officer, Mr. Mulondo Robert. He raised one thing with them and it settled where they went next: Buyaya HC II is the facility the ministry holds in its system for this district, it is not programmed under UgIFT, and Simu Pondo HC III was taken under the programme in its place. The team went to both. What else was said at the call, and whether the purpose of the visit was set out, is not recorded.

Two more officers were seen at the district offices the same day, the Senior Accountant and the District Health Officer's representative, and a Chief Finance Officer and a Deputy District Health Officer are recorded as met. What each gave the team is held with the officer interviews.

2. Evidence of the call

Received by	Mr. Mulondo Robert, Chief Administrative Officer
What he raised	That Buyaya HC II is not programmed under UgIFT, and that Simu Pondo HC III was taken in its place
Visitors' book at the office of the CAO or Town Clerk	No record. No book was photographed and none is on file
Written record on file	Yes - the team's own typed account of the district and of the two health centres

The call is therefore established by the team's own written account and by nothing else. A signed visitors' book at the office of the Chief Administrative Officer or Town Clerk is the proof the exercise asks for, and no such proof exists here.

3. Queries

- Photograph the visitors' book entry at the office of the Chief Administrative Officer, or record why it could not be photographed.
- The substitution of Simu Pondo HC III for Buyaya HC II was given to the team by word of mouth. Obtain it in writing, and have the programme list corrected.
- The date of the call rests on the day the team reached the district offices. Confirm it against the district's own record.
