SCHOOL INTERVIEW/DISCUSSION GUIDE

Name of school: RUPA SEED SS, MOROTO

1a	Does the Facility have a record of all assets provided under UgIFT. (Obtain a record and verify if it has the costs and numbers supplied)	YES
1b	If Not ask how many were supplied and when.	

2	How does this facility Maintain (repair/service/replace) the assets provided under Ugift	
---	--	--

A vote of 4,000,000 per year is set aside for renovation and repair.

3	Does the facility take regular record about functionality/ or breakdown of the assets provided?	Yearly, inspections
	Nonfunctional/ working, and reasons for non-functionality.	

Some facilities like ICT gadgets lack HEP grid connection to function well. We sometimes hire a generator for practicals which is very expensive. There is an HEP line crossing through the school but the transformer step down has not yet been availed together with wiring.

4	How has the UgIFT support helped in service delivery in the area, any issues, challenges and any recommendations for better program implementation.	Of immense service - 500 students at inception.
---	---	---

Despite the construction of the facility, its situation (inside a deadly bush with no neighbors) requires further immediate facilitation of dormitories and a perimeter fence would make the service stand out wonderfully - All pioneer candidates (41) in 2024 scored first grade at UCE.
