Researcher	What was covered	Photographs
Kayongo Tonny	The move from Busia and the call at the district offices, where the Chief Administrative Officer received and welcomed the team; the District Education Officer was out over lunch and the District Health Officer's team was in meetings, so neither was seen	0
Lydia Nakiganda	The same call. Most of the Busia return of 26 August - ninety-nine photographs of Bumunji HC III, a hundred and fourteen sheets and photographs from Majanji HC III, the four district delivery notes and the district's redistribution letter - was sent in under this member's name from here that afternoon	0

No asset was verified on this day. No facility in Tororo was reached and the district handed over no record of its assets, so the day closed with the call and nothing else.
