No serial number was recorded against any item here.

8. Queries

- The nine sheets came from Shadrack at Tulel, while their quantities match Alydo's Mutushet records.
- From the late afternoon of 25 August the team worked Mutushet and Tulel at the same time.
- A delivery bed recorded for Mutushet HC III was photographed standing in Tulel health centre.
- One item of the twenty recorded at Tulel HC III carries a quantity.
- The informant discussion guide was not answered for this facility, so questions 1a, 1b, 2, 3 and 4 of the toolkit are outstanding.
- The toolkit filled in by hand on site and naming this facility has not come in, so nothing here is verified.
