3. Condition and status

The four things this exercise sets out to settle. What the visit settled is entered below, what it did not is marked not reported, and nothing here is filled in from anywhere else.

Dimension	What was established on site
Ownership	Not reported. No land title, ownership document or ownership statement was recorded for this facility.
Functionality	Reported for some items: Cracked class room
Usage / performance	Not reported.
Location	Only the facility itself. No room, block or store was recorded against individual assets.

4. Supplied against found

Nothing on file says what was supplied to this facility, so found stands on its own and there is nothing to set it against. 3 of the items recorded here carry a count; the counts sit with the facility's own record.

5. Engraving and identification

Not engraved (2). Desks, Teachers desks.

The team recorded: All the equipments are not engraved and not in use because they have not yet officially handed over to MOYOK secondary school.

No serial number was recorded against any item here.

6. Obsolete, unserviceable or for disposal

These were noted on site, and no others:

- Cracked class room.

Nothing was recommended for disposal in terms.

7. Operation and maintenance

What the team recorded on site:

- 2026-08-27 - The UgIFT has not officially handed over the buildings to MOYOK seed secondary school.

8. Queries

- Four facilities have not been handed over, so their assets stand unused.
- Moyok Seed Secondary School has received no ICT equipment at all.
- A cracked classroom at Moyok Seed Secondary School was recorded and nothing is on file about it.
- The informant discussion guide was not answered for this facility, so questions 1a, 1b, 2, 3 and 4 of the toolkit are outstanding.

- The toolkit filled in by hand on site and naming this facility has not come in, so nothing here is verified.
