No visitors' book was photographed here, so nothing shows the team signed in on the facility's own record. Nothing about getting in or being allowed to work was raised either.

3. Condition and status

The four things this exercise sets out to settle. What the visit settled is entered below, what it did not is marked not reported, and nothing here is filled in from anywhere else.

Ownership	Not reported. No land title, ownership document or ownership statement was recorded for this facility.
Functionality	Not reported. No item was recorded as working or not working.

4. Supplied against found

This facility appears on the district delivery note. Of its 27 outpatient lines, 6 were counted here and 21 were not. Supplied and found are kept apart: the figures below are what the note says against what was counted.

A further 1 line matched the note exactly.

Counted here but not on that schedule: Autoclave, Autoclave stand, Bowel lotions, Filing cabinets, Glass instrument set, Hollow ware set Treatment, Instrument set Delivery, Microscope, Oxygen cylinders, Patient cupboards, Refrigerator, Sterilization drum, Trolleys. Some may sit on the maternity schedule, which has not been gone through.

5. Engraving and identification

Not engraved (1). Shelves.

The team recorded: All UgIFT assets from Kwirwot Health center (111) not engraved.

No serial number was recorded against any item here.

6. Obsolete, unserviceable or for disposal

Nothing here was put down as obsolete, unserviceable or fit for disposal.

7. Operation and maintenance

Nothing was reported about operation, maintenance or the challenges the facility administration raised. The toolkit's discussion guide - maintenance, functionality records, and how UgIFT support has helped service delivery - was not answered for this facility.

8. Queries

- A batch of school furniture and ICT items is filed under Kwirwot HC III; confirm whether it is Kaptererwo's.
- The item recorded at Kwirwot as SEVER / high-end desktop is a digital video recorder.
- Nine photographs of school items are filed under Kwirwot HC III on the team's own statement.
- The informant discussion guide was not answered for this facility, so questions 1a, 1b, 2, 3 and 4 of the toolkit are outstanding.
- The toolkit filled in by hand on site and naming this facility has not come in, so nothing here is verified.
