4	How has the UgIFT support helped in service delivery in the area, any issues, challenges and any recommendations for better program implementation.	
---	---	--

- Challenges*
- * *The school is constructed on a very steep slope that has caused a cost variance of around 2 billion shillings*
 - * *The contractor did not receive his VAT of about 700 million shillings (VAT prepaid for last financial year)*
 - * *The contractor informed CAO that he was paid money less by 700 million for the two projects.*

SCHOOL VERIFICATION CHECKLIST

Recommendations:

UGIFT Program team should sort out the issues raised by the Contractor if the school is to be completed on time and quicken the building of retaining walls and stone pitching to prevent landslide and collapse of the steep slopes.
