2. Entry

3. Condition and status

The four things the exercise exists to establish. Only what was established on site appears here; the rest is marked as not reported, not guessed.

Dimension	What was established on site
Ownership	Not reported. The guide says the school is still under the contractor and the district and has not been fully handed over to school management.
Functionality	Established on the hand-filled register for furniture, ICT and buildings where lines were filled. The guide says breakdowns are reported to the District Education Officer's office.
Usage / performance	Partly established. The guide says the school shortened the distance learners used to walk, reduced teenage pregnancy and reduced dropout.
Location	Recorded on the register and shown in photographs of classroom blocks, furniture, the library, a Runner RG-3500 generator, a water tank and latrine blocks.

4. Supplied against found

The hand-filled register is the found side and nothing was counted on the day.
