Kampala

Dear Madam,

RE: SPECIAL PERMISSION TO OPERATE BOARDING SESSION AT RUPA SEED SS MOROTO.

Please receive the following request to complete the year when our record big size UCE Candidate class is still with us at school in a boarding dispensation for proper management.

Rupa Seed S.S is among your newly USE schools that attracted record enrolment since inception in 2023. Many students who had dropped out of school either due to fees or indiscipline flocked into the school at opening. The area members of parliament facilitated each with beddings and scholastic materials and world food Program pledged breakfast and Lunch. The capitation grants were to help in supper.

The boarding dispensation was preferred because of the highly insecure site; in the junction of the route to long self-governing Tepeth rustlers Kakingol and Nakabatha, and the Matheniko Game reserve areas of Rupa and Kobebe. The two pastoral communities would all struggle for the only water source at Nangolo in Kamukuchi, which formed the boundaries for newly opened Rupa Seed SS. This struggle would involve lots of gunfire exchange and survival of a school in such a spot required camping /boarding. It was for this reason that government stationed an armed personnel carrier (mamba) patrol vehicles at the school to help the two that route in 2024.

Despite the insecurity we neither lost a student nor staff and in even our UCE 2024 **results, all 41 pioneers students scored results one.** The good Academic results have attracted the community so much that even when there was massive sponsorship, we retained a **candidate class of about 100 students in 2026.** To keep this record achievement, the local authorities and school management had agreed to keep the boarding dispensation(as in documents attached), but because the school must officially be declared boarding by you, I humbly request that you permit us.

Looking forward to your consideration

Your faithfully

Daniel Bazira
