		slot for a test strip or cuvette.				

Issues observed

1. Don't know the life in months of the assets
2. Failure to get micro cuvettes for hemoglobin meter and glucosticks glucometer
3. Some assets were supplied when not working for example glucometers and hemoglobin meter, wheel chair (tyres), refrigerator
4. some machines have broken down for example bp machine digital, 2 filing cabinets
5. some assets are not engraved
6. The engraved doesn't show UGIFT

Recommendation

1. checking quality of assets before being supplied
2. Engraving needs to be done for those that are not engraved
3. Replacement of those that are broken down

Conclusion

The engrave number doesn't show UGIFT

All assets were delivered, still new and in good condition, most of them in use and others in store

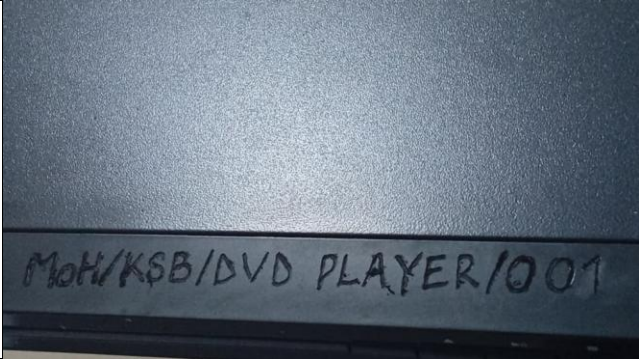

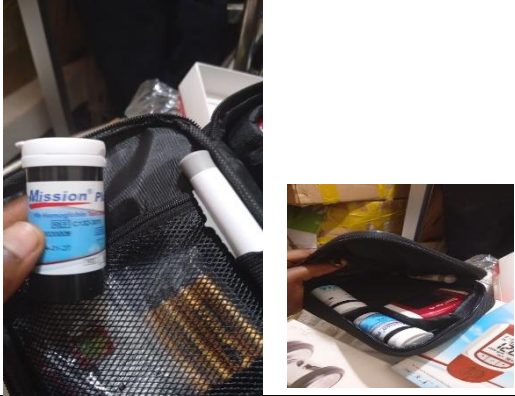

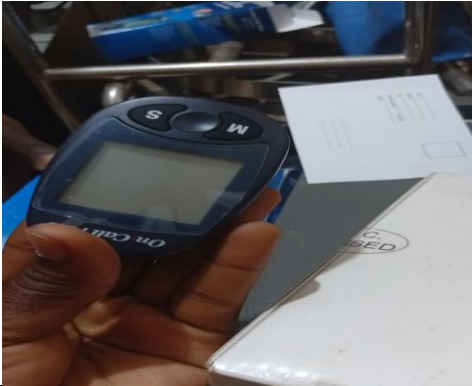

Don't know life in months for the assets
