

KIGARAALE SEED SECONDARY SCHOOL ASSET VERIFICATION REPORT UNDER UGIFT PROGRAM

NAME: Kigaraale Seed Secondary School

District: Kyenjojo

Date of verification: 26th /August/2026

Verified by: Namayanja Vanessa

Introduction

An asset verification exercise was conducted at Kigaraale Seed Secondary School to establish **the existence, condition and functionality of all assets under Ugift program**

Objectives

- To physically verify all assets in the asset registration of Ugift
- To assess the condition and function of assets
- To identify unserviceable, missing or excess assets and engravement

Methodology

- Engraving or tagging check
- Taking pictures of assets observed / verified
- Interview with headteacher or contractor
- Physical count and inspection in all departments

Summary of findings

The school headteacher does not have documents and does not know how many assets his supposed to receive

The facility has so far **received** ;

- 266 chairs
- 124 laboratory stools
- 23 cupboards
- 120 desks
- 2 gas cylinders
- 8 fire extinguishers
- 1 projector
- 1 printer
- 3 speakers
- 1 mixer
- 24 desktop computers
- 4 goal posts
- 3 water tanks (10,000 liters,5,000liters,3,000liters)
- 1 wifi router

Buildings

- latrines (2-5 stands, 4-2 stands)
- 3 staff houses
- 3 staff kitchens which lack chimney

-1 administration block

-Classrooms

-ICT laboratory

-Science laboratory

Challenges

-Computers were supplied without RAM

-Delay in completion from the district in construction

-The facility is not yet officially handed over to the headteacher

-The facility has no documents for the assets since its not yet handled over officially

-The engravement was not for Ugift rather the school name

Some assets are not engraved

Recommendations

-Testing the assets before being supplied ie the quality

Conclusion

The headteacher doesn't know what he is supposed to receive

Most assets are still in boxes not yet in use

The place is still under construction

Engravement is for the school not UGIFT
