

Sop Sop HC III - facility report

1. Identification

Facility	Sop Sop HC III
Named on the programme list	Sop Sop HC II
Type	Health centre
Local government	Tororo District
Region / sub-region	Eastern / Bukedi
Date of visit	2026-08-31
Team members present	Kayongo Tonny, Lydia Nakiganda
Informant interviewed	None recorded
Supervisor	Kassim Luminsa
Supervisor's contact	+256 702 806116
Date of submission	

2. Entry

The team reached Sop Sop HC III on 31 August. A hand-filled register naming the facility is on file together with 86 photographs and delivery notes. The register came in on 2 September, after the visit day. Lydia Nakiganda is named as verifier on the cover page.

3. Condition and status

The four things the exercise exists to establish. Only what was established on site appears here; the rest is marked as not reported, not guessed.

Dimension	What was established on site
Ownership	Not reported.
Functionality	Established on the hand-filled register. Refrigerators, centrifuges, glucometers, blood pressure machines, drip stands, water tanks, latrine blocks and ward beds are recorded, many marked kept in the store.
Usage / performance	Partly established. TB testing and maternity service have improved, but oxygen came without cylinders, staffing is low and the facility is not fenced.
Location	Recorded on the register and shown in photographs of the in-charge office, store, wards and compound structures.

4. Supplied against found

The hand-filled register is the found side and delivery notes are on file; nothing was counted against either.

5. Engraving and identification

A weighing scale rim is marked SOP SOP H/C III. A desk carries MOES U-IFT RBF FY 2019/20 lettering.

6. Obsolete, unserviceable or for disposal

Nothing was named for disposal.

7. Operation and maintenance

The discussion guide was answered. The informant says much of the equipment delivered is still in the store because staff lack knowledge of how to operate it, and asks for training, more staff and fencing.

8. Queries

- Set the delivery notes against a physical count and against the register lines marked kept in the store.
- Train staff on equipment still in the store and record what is in use room by room.
- Ownership was not established.
